ABOUT THIS POLL

Opinions and Attitudes About Clean Water in Delaware

Delaware Not Doing Enough for the Waters

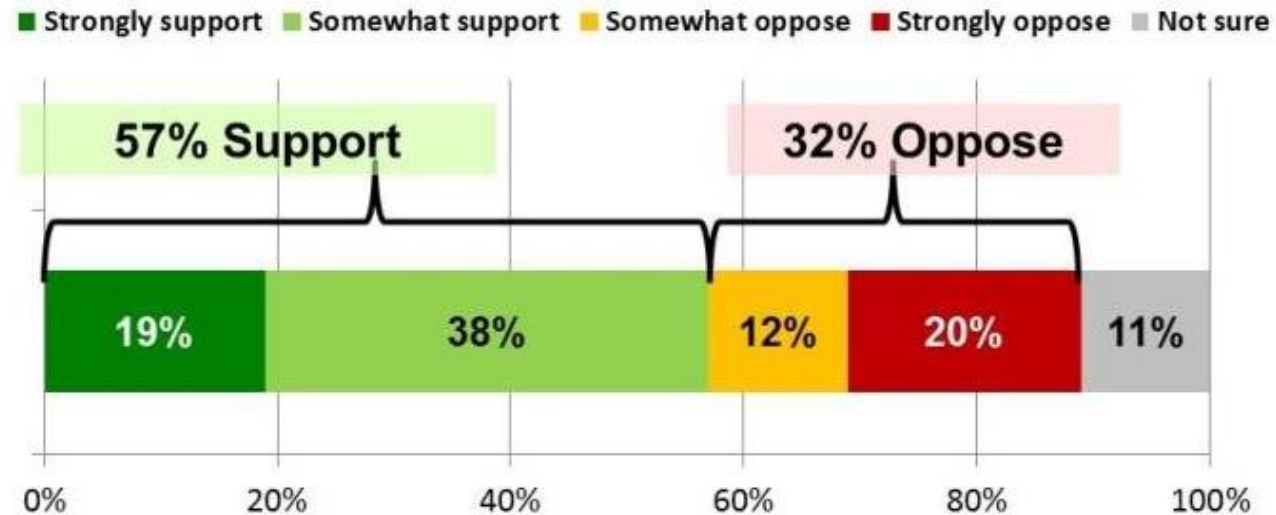

“Overall, is the State of Delaware doing enough to ensure that local waters are clean and healthy, or is there more they should be doing?”

ABOUT THIS POLL

Opinions and Attitudes About Clean Water in Delaware

Strong Support for a Clean Water Fee *General Support before Facts are Given*

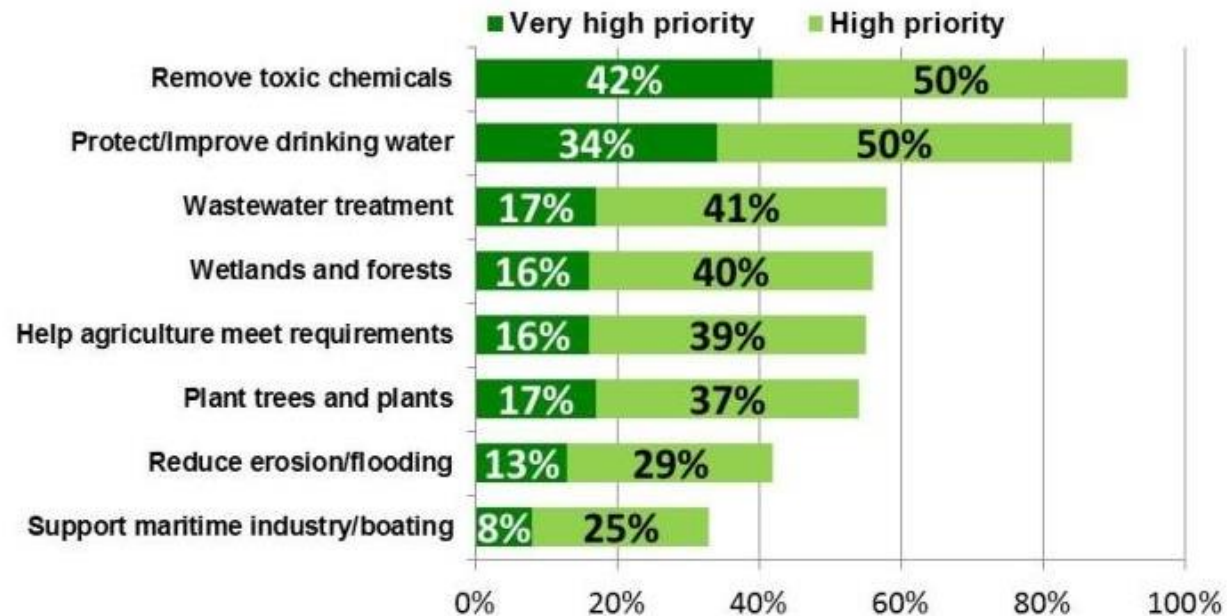

"If leaders in the State said more money would be needed to solve the problem of water pollution in Delaware, and they proposed a monthly fee that was reasonable, would you be likely to support or oppose that?" (If support/oppose): "Is that strongly or just somewhat {support/oppose}?"

Residents' Priorities for Clean Water Fee

"I would like to read you some of the specific ways this fee would be used. Regardless of whether you think the fee itself is a good idea, please tell me if each specific area I mention is a priority that needs to be addressed somehow. Use the scale very high, high, medium, low, or very low priority."

ABOUT THIS POLL
